

A Gift to the Community

This workshop is encouraged by members of the *Dorrigo Green Lifestyles Group* and the *Dorrigo Writers Group*

FREE INTRODUCTION TO BIODYNAMICS

This one day workshop will introduce you to all practical aspects needed to apply biodynamics to your garden or on your farm

CLAIRE COTTAGE, LEIGH, NSW.

Sunday 14th August, 2011. 9.30am - 4.30pm

Presented by Hamish Mackay

SEQUESTERING CARBON - GROWING SOILS FOR THE FUTURE, FOOD FOR TODAY

Biodynamic preparations create fertility and balance within your soil, create health in your plants and enhance the nutritional value of your food.

Biodynamics is a cost effective and personally rewarding way to produce healthy, high quality plants, animals and food with regenerative, sustainable ecological outcomes.

Appropriate for commercial growers and garden enthusiasts.

This one day workshop will offer:

- The life of the soil
- Creating fertility in your soil
- Practical use of the biodynamic preparations
- Using the planting calendar
- Weeds, Pests and Diseases
- Meeting climate change challenges: Drought, Flood, Carbon sequestration

Registration is essential
