SPIRITUAL FOUNDATIONS OF BIODYNAMICS

Biodynamics and the 21st Century

HOBART, Tuesday 19th October, 2010 9am – 5pm

Presented by **Hamish Mackay**

There are increasing numbers of farmers and gardeners applying biodynamic practices. This presentation is for those who want to know more about the spiritual background and social context of biodynamics in the 21st Century.

Participation in the Agriculture Course, given by Rudolf Steiner at Koberwitz in 1924, assumed a foundation knowledge of his spiritual scientific research or, at a minimum, the reading of Chapter four of his book *Occult Science - An Outline*. 85 years later it only requires an openness of mind, access to the biodynamic preparations and initial guidance to start practising biodynamics.

This workshop will provide an introduction to chapter 4 of *Occult Science - An Outline* as a foundation for ongoing individual study. It is open to all, whether biodynamic practitioners or not.

You will learn how humanity is related to both the seen and unseen world around us and how biodynamics is the contemporary art of agriculture of the present age as well as a path of individual development.

Hamish Mackay has been studying and teaching Rudolf Steiner's work for 37 years and is executive director of Biodynamics2024.
