Biodynamics2024

BIODYNAMICS

for Dairying, Grazing, Gardening & Horticulture

CHITTERING VALLEY, WA

Wednesday 9th May, 2012. 9am – 5pm

GROWING SOILS FOR THE FUTURE - FOOD FOR LIFE

This event is supported by the *OFA Environmental Research & Education Trust*

You will learn how the biodynamic preparations contribute to a dynamic soil foodweb, improving water holding capacity and fertility in your soil, vitality in your plants and health in your livestock. Biodynamics is a cost effective method of producing high quality food and fibre with regenerative ecological outcomes.

Also applicable for garden enthusiasts.

This one day workshop will introduce you to practical aspects needed to apply biodynamics:

- The life of the soil
- Creating fertility in your soil
- Practical use of the biodynamic preparations
- Using the rhythms of nature and moon calendar
- Prevention and management of Weeds, Pests, Diseases
- Meeting climate change challenges: Drought, Flood, Carbon sequestration

Books will be available for sale

COST: **$65 pp** GST inc.
Lunch, morning & afternoon teas provided.

Please register by Monday 2nd April, 2012

Presented by Biodynamic Educators:

John Priestley

John is a third generation ecological farmer. He has been evolving his practice and knowledge of biodynamics for over 50 years. With his wife Dorothy he grows award winning citrus and beef cattle at Paterson in the NSW Hunter Valley. He is a wealth of practical knowledge with a keen eye for the small observations that can make a difference to farming.

Hamish Mackay

Hamish has been working with biodynamics for 35 years and travels Australia presenting introductory biodynamic workshops, providing growers with clear and practical methods for adopting biodynamics as a cost effective way to produce high quality food and fibre; at the same time improving our environment.

CHITTERING VALLEY WORKSHOP REGISTRATION FORM - 9TH May, 2012

Name/s		
Trading Name		
Address		
Town	**State**	**Post Code**
